Benefits of Guild membership

Many members consider the Guild's most important role to be acting as their agent in discussions with District Health Boards about the Integrated Community Pharmacy Services Agreement (ICPSA). The Guild is equipped with the funds, capacity, expertise and relationships throughout the pharmacy sector to do this effectively on your behalf.

Advocacy

A core component of the Guild's work involves lobbying politicians and decision-makers to improve the position of community pharmacy within the health sector and advocating for community pharmacy within the health sector and advocating for community pharmacy with DHBs, health officials and other key stakeholders. One way we do this is through regular submissions to the government on policy developments that impact community pharmacy.

Advice and support

Members have access to personalised audit advice, an 0800 HR advice line, an 0800 legal advice line, practice and ICPSA support and business support helpdesk.

Resources and tools

Audit tools and guides, business tools, ICPSA and professional service tools, HR tools, marketing resources, member discounts, patient resources and regular publications.
